CUSTOMIZE YOUR EXPERIENCE

The Prize Tech App puts **you** in control with features you can tailor to fit your style:

- **Notification Settings:** Choose which alerts you want—proximity pings, promo deals, or competition updates—and how often you get them.
- **Reward Flexibility:** Decide how to use your rewards: play more, cash out, or stake \$PRIZE tokens for yields between 12%–30% APY based on lock periods. (\$PRIZE staking on www.prizetech.xyz)
- **Favorites System:** Save and organize your favorite machines or venues, creating a personalized gaming map.
- **Promo Preferences:** Opt in for promotions tailored to your age, play habits, or location, like exclusive sponsor discounts or event invites.
- **Future Features:** Look forward to multilingual support, voice-activated controls, and NFT-based rewards for even more customization.

With these options, the Prize Tech App adapts to your preferences, making every interaction feel uniquely yours.

WHY DOWNLOAD THE PRIZE TECH APP?

The Prize Tech App isn't just an app—it's your key to a more exciting, rewarding entertainment experience. Here's what sets it apart:

- **Ultimate Convenience:** Pay, play, and manage rewards in one sleek app, no cash or hassle required.
- **Non-Stop Rewards:** Every play earns you points, cash credits, or \$PRIZE tokens, with chances to win big in monthly draws up to \$10,000.
- **Personalized Fun:** Alerts and offers tailored to you, ensure you never miss out on your favorite machines or deals.
- **Community Vibes:** Join competitions, share your wins, and connect with other players through gamified challenges.
- **Future-Proof Tech:** Built on Solana's blockchain and powered by AI, the app delivers speed, security, and innovation.

Whether you're a casual player or a gaming enthusiast, the Prize Tech App makes every moment at a venue more thrilling and valuable. Don't just play—play smarter with Prize Tech!

ANALYSIS FOR PRIZE TECH APP USERS

Overview and Context

The Prize Tech App, developed by Prize AI Technologies, is a mobile application designed to enhance the user experience in arcade, vending, and gaming/casino venues.

It addresses common pain points like cash-only transactions, lack of rewards, and disconnected experiences by offering seamless payments, personalized engagement, and a rewarding ecosystem.

Targeting users who value convenience and incentives, the app aligns with the growing demand for cashless, tech-driven entertainment, as seen in trends toward contactless payments in venues [Innovative Uses of RFID Cashless Payment Systems in Entertainment Venues.](#)

APP FUNCTIONALITY AND USER JOURNEY

The Prize Tech App operates within a robust ecosystem:

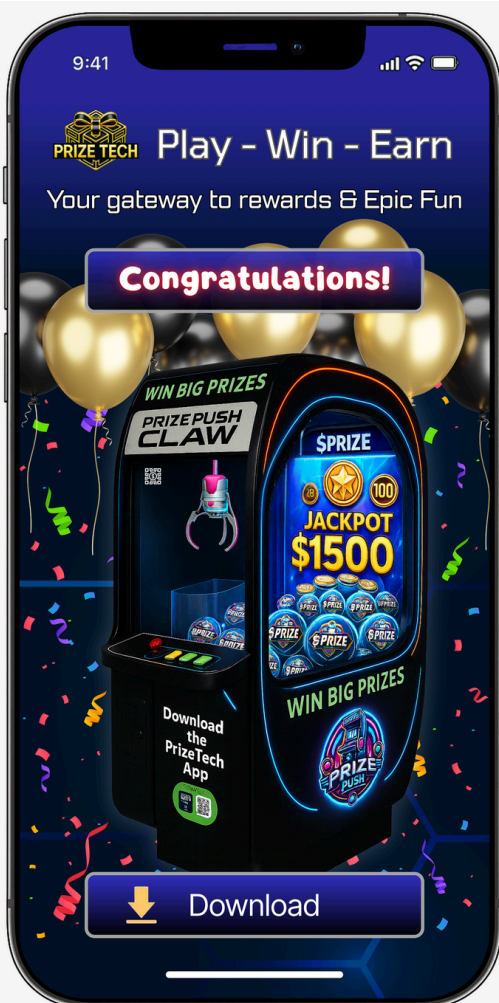

- **App Components:** Available on iOS and Android, it features a user-friendly interface, secure in-app wallet, and integration with smart machines via QR codes.
- **System Workflow:**
 - **Onboarding:** Users download the app, set up a profile, and initialize a wallet for \$PRIZE tokens, with optional KYC for fiat withdrawals.
 - **Engagement:** Scan a machine's QR code, select a payment method (card or crypto), and start playing or purchasing.
 - **Transaction:** Payments process instantly via Solana blockchain (crypto) or PCI-compliant gateways (cards), with rewards issued automatically.
 - **Ongoing Interaction:** AI-driven notifications alert users to nearby machines or promotions, while the app logs activity and ensures secure disconnection.
- **Security:** Blockchain ledger integrity, end-to-end encryption, non-custodial wallets, and AI-powered anomaly detection ensure safe transactions.

CUSTOMIZABLE FEATURES

The app's flexibility allows users to tailor their experience:

- **Notifications:** Opt in or out of alerts for promotions, proximity, or events, ensuring relevant updates.
- **Rewards Management:** Choose to reuse, convert, or stake rewards, with full visibility via the rewards dashboard.
- **Favorites and Profiles:** Save machines and build a gaming profile for a personalized journey.
- **Future Enhancements:** Planned features include multilingual support, voice-activated controls, and NFT-based rewards for added customization.

DEPLOYMENT AND AVAILABILITY

With the planned launch by the end of 2025, starting with a beta in Australia and expanding globally in 2026, targeting 1 million users and 5,000+ connected machines. This aligns with Prize AI Technologies' roadmap, including partnerships like the one already agreed with a Australian company currently under a NDA. (soon to be reviled)

Future Development

Future updates will include:

- **AI-Driven Features:** Personalized recommendations and dynamic offer alerts.
- **NFT Rewards:** Collectible loyalty NFTs for achievements or events. Example, Big jackpots or competition wins can be NFT snapshot & sent to friends or be kept in a gallery.
- **Voice Interaction:** Hands-free commands for accessibility.

Conclusion

The Prize Tech App is set to redefine entertainment for arcade, vending, and gaming enthusiasts. With seamless payments, customizable rewards, and engaging features like monthly draws up to \$10,000, it offers unmatched convenience and value.

This brochure emphasizes the app's ability to make every interaction fun, rewarding, and personalized, encouraging downloads upon launch.
